- F. Co-op applications must include all Varsity and JV team rosters from the schools involved in the application request.

 - 1. Varsity Teams
 - a. If a school has seven (7) eligible students from the same school you are not eligible to apply for a Varsity team co-op. No school can cut or deny any student a roster spot to obtain/create a co-op. Students not having their own equipment are not a reason for keeping them from making the team.
 - b. To bowl on a varsity team all students must be in 9-12th grade.
 - 2. JV Teams
 - a. Students from other schools will only be allowed on JV, although not eligible for state team tournament.
 - b. 7th or 8th graders are only allowed on JV to make team(s) of six. No more than two 7th or 8th graders can be added to make up a team of six.

15. SCHOLARSHIPS

Scholarships will be awarded and issued in accordance with all NCAA, USBC and BCAW rules.

16. STATE TOURNAMENT POLICIES AND PROCEDURES

- A. All girls are eligible whether bowling in the boys or girls division. To qualify for singles: girls fill percentage from both boys and girls division will determine advancing players in the girls singles. Formula used to determine number of advancing players when girls are participating in the boys division. EXAMPLE: The number of girls that are invited to the State Championships in girls' singles is determined by the number of girls' teams plus the percentage of girls bowling in the boys division. Then we multiply that percentage by the number of teams invited to state in the boys division. If that number is less than one, no spots will be added to girls' singles. If that number is more than one but less than two, one spot from the boys will be moved to girls' singles. Example: 16 boys teams in a district, 128 bowlers of which 25 are girls = 0.19%. 6 teams invited to boys' singles $\times 0.19 = 1.14$ or 1 girls singles moved to girls' singles.
- B. JV bowlers from the same school can be brought up to the varsity team for state competition.
- C. If a team is going to substitute a bowler mid game/frame during the finals, coach must tell designated tournament official before substitution is made. If an illegal substitution is made all balls thrown by illegal bowler will be considered "dead balls" and will follow USBC rule, (USBC Rule 8. Dead Ball or USBC High School Bowling Rules Art. 10 – Dead Ball), accordingly. A zero for the frame.
- D. State Tournament finals Division I teams will compete against each other and Division II teams will compete against each other for state championship. Each district coordinator will work with coaches to have all team rosters on the Wisconsin High School Bowling Club website prior to their first match. The BCAW staff will use the WIAA school population statistics from the previous year if current year is not available. Each district will know how many teams are in Division I and II. At the start of the season after all teams student populations have been determined teams will be split equally into division I and II. The teams invited to the State Championships will be based on the percent make up of teams within each district. In the event a district has only one team in division I or II the team would advance to the State Championships as long as they meet the following: Any team invited must have won 50% of their matches.

In the event a team from Division I or II invited to state did not have a 50% winning record from all matches bowled the next step would be to determine their win-loss record in head to head matches against teams from the same division, i.e. Division I teams vs Division I teams and Division II teams vs Division II teams. The team would be eligible to go to state as long as their win-loss record in head to head matches among teams from their division was 50% or higher.

In the event the team still does not qualify they would not be eligible to go to state.

The BCAW High School Bowling Club Committee recognizes some districts conduct season end conference tournaments and teams may advance from the conference tournament to the WI Bowling Club State Championships. The BCAW High School Bowling Club Committee has determined districts may advance teams based on results from their conference championship tournament as long as they have it spelled out in their district bylaws/rules. **Each district will need to send their bylaws/rules to the BCAW.**

A team bowling in the conference tournament could win a spot to the WI Bowling Club State

Championships and advance to state with a win-loss record of 50% or less.

The BCAW Executive Director will notify each district how many boys and girls Division I teams and II teams they will be able to advance to State by Dec. 31st.
